

Finding your ring size

1. When printing this PDF, make sure "PAGE SCALING" is set to "NONE" in your "PRINT DIALOG" window.
2. Compare this bar to a ruler to verify page has printed properly.

(When printed, this ruler should be actual size.)

Measuring With the Paper Ring Sizer

1. Carefully cut out the ring sizer. Make a small slit along the line that reads "Cut here".
2. Wrap the sizer around the finger you intended to wear your By Milena ring on, with the numbers facing out.
3. Slide the pointed end of the sizer through the "Cut here" slit.
4. Move the sizer to the largest part of the finger, this may be the knuckle.
5. Make sure to pull snugly.
6. The number that lines up at the slit represents the ring size for that finger.

Measuring Current Ring

1. Select a ring that properly fits the finger you intended to wear your By Milena ring on.
2. Place the ring over the circles below, matching the inside edge of the ring to the circle nearest closest to the size.
3. If the ring falls between two sizes, order the larger size.
